

Cedar Flats Wind Project Community Information Session

wpd Canada invites you to a community information session to learn more about our company and the proposed Cedar Flats Wind Project.

As a renewable energy company, wpd Canada is dedicated to protecting the planet by advancing innovative wind and solar energy solutions. The Cedar Flats Wind Project, proposed for the Townships of South-West Oxford and Malahide in Ontario, aims to generate up to 200 MW of reliable, clean energy.

Join us at Malahide Community Place or Brownsville Community Centre to meet members of the wpd Canada team and learn more about the proposed project, and the next steps involved. The information sessions will be held from 6pm - 8pm, with a presentation at 7pm.

Contact us with your questions, comments or topics of interest for the information session at: cedarflatswind@wpd-canada.ca
